**Pleidooi voor de rechten van de vrouw** Dec 14 2020 Terwijl de Franse Revolutie nog volop in beweging was, schreef de oermoeder van het feminisme, Mary Wollstonecraft, in 1792 haar Pleidooi voor de rechten van de vrouw. Daarin trok zij ten strijde tegen de achterstelling die vrouwen al sinds mensenheugenis moesten ondergaan en tegen de vooroordelen die vooraanstaande denkers uit die tijd over vrouwen koesterden. Vrouwen moesten wat haar betreft in alle opzichten dezelfde kansen krijgen als mannen. Ze moesten beroepen kunnen uitoefenen en bijvoorbeeld medicus of vroedvrouw kunnen worden. En vrouwen hoorden vertegenwoordigd te zijn in de politiek, zodat ze zich de wet niet langer hoefden te laten voorschrijven door mannelijke politici.

**Teaching in the Standards-based Classroom** Mar 17 2021 Virtually every national standards document, every state framework, and every local set of standards calls for fundamental changes in what and how teachers teach. The challenge for teachers is to implement the vision for mathematics and science classrooms called for in the standards. This issue describes that vision and suggests ways to use the standards mandated in your school to improve your practice--to help you teach in your standards-based classroom.

*Het meisje uit Aleppo* Aug 29 2019 De vlucht van oorlog naar vrijheid Nujeen leidt een bijzonder leven.

Omdat ze spastisch is, gaat ze niet naar school en komt ze nauwelijks buiten. Op de vijfde verdieping van het appartementencomplex in Aleppo waar ze samen met haar familie woont, kijkt ze de hele dag Amerikaanse soaps en documentaires. Zo leert ze zichzelf talloze weetjes en maakt ze zich de Engelse taal eigen. En ze droomt. Van vrijheid, van een leven zoals andere zestienjarigen dat hebben. En dan breekt de burgeroorlog uit en valt IS de wijk binnen waarin Nujeens familie woont. Net als tienduizenden anderen worden ze gedwongen het geweld te ontvluchten. Geholpen door haar zus maakt Nujeen in haar rolstoel een uitputtende en gevaarlijke tocht en weet ze via Turkije uiteindelijk Duitsland te bereiken. Al die tijd houdt ze dapper vol, probeert ze te blijven lachen en durft ze te blijven dromen...

**Een zwarte pyjama** Jan 15 2021 Genomineerd voor de National Book Award Het waargebeurde verhaal van een elfjarige jongen die de Killing Fields van Cambodja overleeft Ze dragen een zwarte 'pyjama', de soldaten van de Rode Khmer die in 1975 in Cambodja aan de macht komen. Arn Chorn-Pond is dan elf, een kind nog. Hij wordt weggehaald bij zijn familie en naar een werkkamp gestuurd. In de verzengende hitte op de rijstvelden ziet hij anderen voor zijn ogen sterven. Arn leert snel onzichtbaar te zijn voor de sadistische Rode Khmers die dagelijks beslissen over leven en dood. Op een dag vragen de soldaten of een van de kinderen een muziekinstrument kan bespelen. Arn biedt zich aan. Die beslissing houdt hem in leven, maar zorgt er ook voor dat hij als kindsoldaat midden in de Killing Fields belandt. Arn Chorn-Pond wijdt zijn leven nu aan het helpen van jonge oorlogsslachtoffers, met de door hem opgerichte organisaties Children of War en Cambodian Living Arts. Voor zijn werk heeft Arn o.a. de Amnesty International Human Rights Award en de Spirit of Anne Frank Outstanding Citizen Award ontvangen. Patricia McCormick is een meermalen bekroond auteur en journaliste die veel is geprezen om haar menselijke benadering van moeilijke onderwerpen. 'Een van de meest inspirerende en krachtige boeken die ik ooit heb gelezen. Een zwarte pyjama leert ons de moed te vinden om ons uit te spreken en zo de wereld te veranderen.'

Aartsbisschop Desmond Tutu 'Dit is een prachtig verslag van Arns ongelooflijke verhaal over hoe muziek zijn leven redde en hem ertoe aanzette de ziel en cultuur van zijn volk te redden.' Peter Gabriel

The "People Power" Education Superbook: Book 18. School Teacher Resource Guide Apr 29 2022 I was a teacher for awhile. I started because I liked education and wanted to do something to express myself creatively but after I taught a basic psychology course called Human Growth & Development over 30 times, I said to myself I don't believe in the fake science of psychology anymore. I could keep doing this to earn a living but everyday I feel like I'm wasting my life. The point is that it's a great profession if you like the course material and the students who are mostly young, well-intentioned and inspired. I'm pro-teacher because I was one. I think it's one of the few truly honorable professions. This is not a teacher job book. I wrote a separate book for that. In a completely rational society, the best of us would be teachers and the rest of us would have to settle for something less, because passing civilization along from one generation to the next ought to be the highest honor and the highest responsibility anyone could have. Lee Iacocca

**The Integration and Protection of Immigrants** Aug 22 2021 In Scandinavian countries immigration is a sensitive issue and legislators' approach to the questions it has raised has varied over the years. Whatever immigrant and integration policies are adopted in a democratic society, it is clear that the legislation and the authorities have to ensure that the individual rights of the immigrants residing in its territory are respected. With Canada as a point of reference, this book draws attention to weaknesses in the regulation and implementation of integration provisions threatening the immigrants' individual rights in the EU member states of Denmark, Finland and Sweden. The study challenges readers to critically review the meaning of rights and the notion of global caring. It takes a critical look at how vulnerable immigrants fare in a largely immigrant nation with a welfare capitalism legacy, when compared to three European nations which claim to embrace institutional welfare models. This book will be of great interest to scholars and decision-makers interested in Scandinavian or Canadian immigration and integration policies.

*Het meisje dat kralen kon lachen* Sep 30 2019 'Het verbijsterende boek over haar leven' de Volkskrant Het levenslange gevecht van een Rwandese oorlogsvluchteling Clemantine Wamariya was zes jaar oud toen haar ouders niet langer hardop durfden te spreken, burens zomaar verdwenen en het luide, weezinwekkende lawaai begon. In 1994 ontvluchtte ze samen met haar zus Claire de Rwandese genocide. De daaropvolgende zes jaar zwierf ze door zeven Afrikaanse landen op zoek naar veiligheid. Geteisterd door honger, gevangenschap en mishandeling overleefde ze de vluchtelingenkampen. Ze vond zowel goedheid als onmenselijke wreedheid op haar pad. En al die tijd wist ze niet of haar ouders nog in leven waren. Toen Clemantine twaalf jaar oud was, verleende de VS haar en haar zus asiel. Ze kwam aan het begin te staan van een nieuwe uitdaging - breken met haar verleden en, na jarenlang als grof vuil behandeld te zijn, haar eigen identiteit claimen. Het meisje dat kralen kon lachen toont de hartverscheurende realiteit van oorlog. Een verhaal over de vernietiging, de broosheid van herinneringen, het beklemmende gevoel wanneer anderen zien dat je gebroken bent, en de voortdurende zoektocht naar redding. Maar Wamariya's reis is bovenal een verhaal over het leven dat we voor onszelf creëren, over de persoonlijke, pijnlijke en beeldschone ervaringen die ons maken tot wie we zijn.

*Middle and High School Teaching* Feb 13 2021 Middle and High School Teaching: Methods, Standards, and Best Practices is an interactive textbook that is fully integrated with PowerPoint slides, a web site, assessments to meet NCATE and INSTASC standards, and basal secondary level textbook chapters for each of the content areas. The text includes a chapter on standards, history, current issues and strategies for each of the major content areas: English, Mathematics, Science, Social Studies, World Languages, Fine and Performing Arts, and Physical and Health education. Providing unique coverage for differentiated instruction at the college level, the text integrates standards and methods for general and specific subject matter by drawing on professional education association web sites, covering traditional methods topics, and

providing authentic assignments. The text is ideal for courses in secondary general methods, curriculum and instruction, introduction to teaching, or for the first course of a two-part sequence in specific methods. Web-based resources, including PDF copies of middle and high school basal textbook content, lesson-planning templates, ERIC documents for current issues, and PowerPoint slides for each chapter, enable professors to easily choreograph their instruction for classes of mixed majors or single major, and courses of varying size that may be taught completely or partly online. The book and its ancillary materials scaffold the learning experience by presenting topics in a logical sequence, beginning with an introduction to the challenges of the profession, followed by differences between middle schools and high schools, basic skills across the curriculum, approaches to teaching diverse learners, planning, methods, and assessment, and concluding with trends, standards, and differences between the disciplines. Instructors can choose from and modify more than 100 authentic assignments, which are tied to NCATE and INTASC standards, ranging from interviewing middle school students to creating lesson plans. In addition, special emphasis is placed on such topics as motivation theory and techniques for diverse learners and integrating basic skills and literacy into subject field planning and instruction. Straightforward, easily readable, and concise. The text is organized into compact topics (rather than dense chapters) and includes a Best Practices feature, which engages students in reading their textbook Authentic content chapters from middle and high school textbooks. Available at the web site, downloadable PDF copies of basal textbook chapters (from McDougal Littell) across the subject areas enable students to apply methods learned from the textbook's lesson-planning activities and assignments. More than 100 potential assignments. Instructors can select and modify presented assignments to best suit their students' and course needs. Each assignment is tied to an INTASC/NCATE standard for ease of documentation or portfolio development. Coverage and integration of key national standards. The book integrates The Interstate New Teacher Assessment and Support Consortium (INTASC) standards, The National Council for Accreditation of Teacher Education (NCATE) standards, The Goals 2000 legislation, The No Child Left Behind legislation, and the content standards defined by the professional organizations into a coherent structure for preservice teachers. Practical pedagogy. Supportive features include Teacher's Tips boxes with practical ideas and strategies for the classroom, Question boxes to encourage critical thinking, For the Reflective Practitioner quotes and insights, authentic Assignments, lists of Best Practices, and web resources.

**Dancing Shoes is Dead** Jul 09 2020 Gavin Evans became obsessed with boxing at the age of six. Infatuated with the likes of Muhammad Ali and Joe Louis, Gavin devoured everything he could find on the sport and determined to become the heavyweight champion of the world, in spite of being the smallest kid in the class. After a less than wildly successful junior career, Gavin resigned himself to the role of spectator rather than participator in the sport he loved, becoming a journalist, often with a ringside seat. But, growing up in South Africa, it was politics that filled the void, becoming Gavin's new Goliath, and it was politics into which he poured his energy and his pent-up frustrations. Recruited in the ANC underground, Gavin's active role in the struggle against apartheid would frequently place him in far greater danger than he had ever faced in the ring. Detentions, assaults, 5am meetings, spy-catching, murder attempts, all these became a part of Gavin Evans' new world. A memoir of twin passions, boxing and politics, set against the backdrop of South Africa under apartheid, *Dancing Shoes is Dead* is a vivid, incisive and poignant portrait of two disparate yet strangely connected worlds, and of the characters, brave, brutal and often bizarre, who inhabit them both.
