Excel HSC Chemistry Jul 07 2020 ISBN: 9781741252996 AUTHOR: Jim Stameil RRP: \$39.95 PAGES: 428 pp. SPECIFICATION: Softcover, perfect bound, 280 mm x 210 mm STATUS: New edition PUBLICATION DATE: April 2008 The EXCEL HSC Chemistry guide is directly linked to the syllabus with every single dot point of the HSC Chemistry syllabus appearing in the margin of the book. You can write in the guide, so your study is focused and your notes are structured. This guide comes in a brand new format that makes even better use of your study time! up-to-date coverage of the core topics plus 3 Option topics: Industrial Chemistry, Shipwrecks, Corrosion and Conservation and Forensic Chemistry. this guide is organised just like the HSC syllabus, so the students learn to section (the theoretical part) is under routine headings and the students section (the practical part) is under headings like First-hand/Second-hand and Investigations and Problem Solving - %this way you will be able to see at a glance what the theoretical and practical work is! all main headings in each chapter (1. 1, 2. 1, etc.) are directly from the syllabus, word for word %this way you can easily match the Excel guide to the syllabus! an alphabetical list of all the key definitions and concepts you should know from each chapter %an efficient way of learning all the definitions in one go! chapter syllabus checklist with every single dot point listed in checklist form for each chapter %a fantastic way of testing that you know all the work ! hundreds of key concept questions with answers %questions that test you recall of knowledge in each chapter. HSC-type questions for every section in each chapter with clock icons to tell you how much time you will have to answer the questions in the HSC %this way you can test yourself on HSC-type questions under HSC-type time pressure! an examiner maximiser feature, ticks to show the mark distribution and answers to all HSC-type questions - %all you need to answer HSC-type questions! two sample HSC papers with an examiner maximiser feature plus answers %not one but two up-to-date sample papers ! the Excel syllabus summary notes: a detachable section at the end of the guide, where every single dot point of each chapter is summarised for you% - a comprehensive and compact summary of the whole course in 32 pages!

researchED Guide to Assessment Jun 05 2020 A teacher's job is to create an environment where our students' engagement in learning proceeds towards an intended direction. In order for this to occur, we must form a bridge between the teaching of material in the classroom and how the learning of that information is being processed and manipulated by our students. The only way we can do this effectively is through the process of assessment. Recent theoretical history on how to effectively establish and implement assessment strategies into policy has caused much confusion; it is high time to consider how assessment, marking and feedback have changed over the years so that conversations about how best to move forward can begin. In this researchED Guide to Assessment, Sarah Donarski brings together chapters by Dylan William, Tom Sherrington, Alison Peacock and many others to consider the debates, critique the strategies and find solutions that not only better the progress of pupils but also assist the wellbeing and manageability of workload for staff.

The book has been written in an engaging and student friendly tone making it perfect for international learners.

Do It Yourself: GCSEs and A-Levels by Distance Learning Jul 27 2019 Most of us understand the benefits of getting a good education. Not only can it open doors to university and better job prospects, but can help to broaden an individual's outlook on life. For some people, however, getting the right qualifications can be a real challenge, especially if they aren't in mainstream education. It's no wonder then that an increasing number of people are turning to distance learning, or home education, as their preferred way of passing exams. This book focuses on GCSEs and A-Levels: the main school-leaving qualifications that are universally recognised in the UK. It explains the main features of the qualifications, how to study them, and how to take the exams involved. This book is intended to be used as a guide for prospective students who might want to undertake this form of learning, but have some difficulty in working out where to start.

Contract Law Directions Jun 25 2019 This text explains the key topics covered on contract law courses with clarity. Logically structured in four parts and designed to reflect the content of the courses, it provides clear coverage of all main topics.

Ace Your Exam Feb 23 2022 This practical and reassuring guide will ensure your students pass their exams with flying colours. Ace Your Exam establishes a clear, simple framework for revision and helps students get to grips with what exams are all about. Part 1 begins by exploring institutional expectations and common anxieties and exam myths, before showing students how to tackle various types of exam, including essay-based exams, short-answer questions, multiple-choice questions, calculation-based exams and open book exams. Part 2 helps readers plot an effective revision strategy for an imminent exam and, equally important, a detailed strategy for optimal use of time and productive powers during the exam. Finally, Part 3 helps students put their plans into action. Ace Your Exam will be an essential companion to all students preparing for and taking exams.

Exam Attack Nov 30 2019 A practical, positive, utterly sensible guide for exam students, for the best chance of success. Exams are stressful and most people don't love them! This book can't remove all your exam nerves and, anyway, a certain level of stress can help you perform well. Instead this book aims to help you avoid bad stress and have the greatest chance of doing your best when exams arrive. It will give you the tools to control your body and mind during this challenging phase. And the tools will help you at many other stressful times of life. Exam Attack covers a huge range of learning techniques. You'll find advice on food (and how to cope when you lose your appetite), sleep, panic, revision, getting help, managing screens and social media. And there's up-to-date advice on note-taking and learning. One of the core principles in this book is that our mental and physical health, or 'wellbeing', affects how we perform. It isn't a luxury or optional extra: it affects every aspect of life. Rest, relaxation and taking time-out from revision can actually help you to learn and perform more effectively. The sensible, achievable suggestions throughout include current advice on revision techniques; positive attitudes to work and achieving the right mindset; self-belief and self-esteem; dealing with distractions and procrastination, such as how to push yourself when you're really not feeling up to it; and how to let go of your phone and regulate social media use. There's no doubt that exams are stressful, but with this comprehensive guide, you will have all the tools you need to achieve and succeed.

100 Ideas for Secondary Teachers: Interventions Feb 11 2021 100 Ideas for Secondary Teachers: Interventions focuses on low-effort, high-impact interventions that can be used at Key Stages 3 to 5. It includes tips for improving academic performance, ways of raising standards of teaching and learning, and plans for promoting a rich culture for learning and high expectations. This dip-in-and-out guide shares a wide range of practical and manageable solutions to improve interventions in the classroom. As a teacher you are pushed every year to improve the results of your learners but no one ever really tells you how to do it! Regrettably, there are no quick fixes or silver bullets to unlocking the potential of students and this can be challenging at the best of times. However, assistant headteacher Laura O'Leary presents 100 ideas, techniques and activities for effective interventions that can be used throughout the school year to raise attainment and improve the progress of every student. This invaluable resource focuses on specific areas for intervention including common barriers to achievement, such as behaviour, attendance and organisational skills, supporting key cohorts (pupil premium and students with SEND and EAL), and literacy and numeracy skills. There are even ideas for ensuring that students are revision and exam ready. 100 Ideas for Secondary Teachers: Interventions is ideal for all secondary teachers, leaders, SENCOs and teaching assistants who wish to plan effective interventions that will enable young people to succeed.
