**The Real Gorbals Story** Jun 25 2019 Colin MacFarlane was born in the Gorbals in the 1950s, 20 years after the publication of *No Mean City*, the classic novel about pre-war life in what was once Glasgow's most deprived district. He lived in the same street as its fictional 'razor king', Johnnie Stark, and subsequently realised that a lot of the old characters represented in the book were still around as late as the 1960s. Men still wore bunnets and played pitch and toss; women still wore headscarves and treated the steamie as their social club. The razor gangs were running amok once again, human waste ran down the tenement stairs, and filth, violence, crime, rats, poverty and drunkenness abounded, just like they did in *No Mean City*. MacFarlane witnessed the last days of the old Gorbals as a major regeneration programme, begun in 1961, was implemented, and, as a street boy, he had a unique insight into a once great community in rapid decline. He witnessed drunken fights, gang battles, police corruption and even the occasional stabbing, slashing and murder. But the Gorbals had another side: one where ordinary hard-working people were trying to survive in what was arguably once the most notorious area in the world. In this engrossing new book, MacFarlane reveals what it was really like to live in the old Gorbals.

Young Skins Jan 25 2022 A blockbuster collection from one of Ireland's most exciting young voices. "Sharp and lively . . . a rough, charged, and surprisingly fun

read.” (Interview) A National Book Foundation 5 Under 35 Honoree \* Winner of the Frank O’Connor International Short Story Award \* Winner of the Guardian First Book Award \* Winner of the Rooney Prize for Irish Literature Enter the small, rural town of Glanbeigh, a place whose fate took a downturn with the Celtic Tiger, a desolate spot where buffoonery and tension simmer and erupt, and booze-sodden boredom fills the corners of every pub and nightclub. Here, and in the towns beyond, the young live hard and wear the scars. Amongst them, there’s jilted Jimmy, whose best friend Tug is the terror of the town and Jimmy’s sole company in his search for the missing Clancy kid; Bat, a lovesick soul with a face like “a bowl of mashed up spuds” even before Nubbin Tansey’s boot kicked it in; and Arm, a young and desperate criminal whose destiny is shaped when he and his partner, Dympna, fail to carry out a job. In each story, a local voice delineates the grittiness of post boom Irish society. These are unforgettable characters rendered through silence, humor, and violence. “Lyrical and tough and smart . . . What seems to be about sorrow and foreboding turns into an adventure, instead, in the tender art of the unexpected.” —Anne Enright, Man Booker Prize Award-winning author “Sometimes comic, sometimes melancholy, *Young Skins* touches the heart, as well as the mind.” —Irish American Post

*Orangutan* Sep 08 2020 Few people who have been slave to an addiction as vicious, as destructive, and as unrelenting as Colin Broderick's have lived to tell their tale. Fewer still have emerged from the darkest depths of alcoholism—from the perpetual fistfights and muggings, car crashes and blackouts—to tell the harrowing truth about the modern Irish immigrant experience. *Orangutan* is the story of a generation of young men and women in search of identity in a foreign land, both in love with and at odds with the country they've made their home. So much more than just another memoir about battling addiction, *Orangutan* is an odyssey across the unforgiving terrain of 1980s, '90s, and post-9/11 America. Whether he is languishing in the boozy squalor of the Bronx, coke-fueled and manic in the streets of Manhattan, chasing Hunter S. Thompson's American Dream from San Francisco to the desert, or turning the South into his beer-soaked

playground, Broderick plainly and unflinchingly charts what it means to be Irish in America, and how the grips of heritage can destroy a man's soul. But brutal though Orangutan may be, it is ultimately a story of hope and redemption—it is the story of an Irish drunk unlike any you've met before.

*Special Like Colin* Mar 15 2021 Colin was special. In a world that places great value on how high we can jump and how fast we can run, Colin taught us that life is not as much about the abilities of our hands and our feet as it is our hearts. Colin loved life. He loved drawing, video games, golf, basketball, the Indianapolis Colts, his computer, and his camera. But most of all, he loved people. He loved his friends, his family, and everyone he met. His heart was always open. Colin never met a stranger and was, in turn, loved by all.

*Snobbery with Violence* Jan 13 2021 'One of the most consistently busy of Britain's home industries during the past fifty years has been the manufacture of crime fiction. Some three hundred writers now contribute, more or less regularly, to the satisfaction of the public's appetite for books about murder, theft, fraud, espionage, arson, blackmail and kindred activities. . . This book is not an attempt to catalogue them . . . Its purpose is to explore some of the crime and mystery fiction of the past half century for clues to the convictions and attitudes of the large section of British society for which it was written.' In *Snobbery with Violence: English Crime Stories and Their Audience*, Colin Watson explores the social attitudes that are reflected in the detective story and the thriller. From Conan Doyle and Edgar Wallace to Agatha Christie and Ian Fleming, Watson takes the reader on an entertaining and informative investigation into the world of crime fiction. First published in 1971 *Snobbery with Violence* has become a minor classic of literary and social history and should grace the bookshelves of every crime aficionado.

**Colin and Lee, Carrot and Pea** Oct 22 2021 Lee is a pea. All of his friends are peas. Except Colin. Colin isn't a pea. And so begins the deliciously funny story of two very different friends: a small green pea and a tall orange carrot stick. Colin the carrot can't do everything the peas can, but he has some special carrot-y qualities that make him a very good friend to have. All about the beauty of making friends with people (or vegetables) who are different from you, boys and girls alike will love Colin and Lee's clear shapes, bright colours and the playful approach to everyday objects that make this book an instant favourite. Made using just a collage of supermarket plastic bags and painted facial expressions, Morag Hood has created a timeless picture book with unique and engaging artwork that is brimming with warmth and humour. With the bold simplicity of Herve Tullet or Dick Bruna's Miffy, and a dry wit and charm all of Morag's own, it is a fantastically funny story that appeals to the very youngest child - and makes adults laugh out loud. *Colin and Lee, Carrot and Pea* is a brilliant debut from Morag Hood, runner-up in The Macmillan Prize for Illustration.

**Meghan and Harry** Jan 31 2020 The fall from popular grace of the previously adulated brother of the heir to the British throne as a consequence of his marriage to a beautiful and dynamic Hollywood starlet of colour makes for fascinating reading in best-selling royal author Lady Colin Campbell's balanced account. Lady Colin knows her royal history and psychology, and as the first seven years of her adult life were spent in the USA she has a foot in both the American and British camps. With unique breadth of insight she goes behind the scenes, speaking to friends, relations, courtiers, and colleagues on both sides of the Atlantic to reveal the most unexpected royal story since the Abdication. She highlights the dilemmas involved and the issues that lurk beneath the surface, as to why the couple decided to step down as senior royals. She analyses the implications of the actions of a young and ambitious couple, in love with each other and with the empowering lure of fame and fortune. She leads the reader through the maze of contradictions, revealing how Californian culture has influenced the couple's conduct. She exposes how they tried and failed to change the royal system by adapting it to their own needs and ambitions, and, upon failing, how they decided to create a new system altogether.

A Sea Monster's Tale Aug 27 2019 There are few marine creatures as spectacular as the Basking Shark. At up to 11 metres in length and seven tonnes in weight, this colossal, plankton-feeding fish is one of the largest in the world, second only to the whale shark. Historically, Basking Sharks were a familiar sight in the northern hemisphere – off the coasts of Norway, Scotland, Ireland, Canada and the USA, for example. In an 18th Century world without electricity, they became the focus of active hunting for their huge livers containing large amounts of valuable oil, primarily used in lamps. Catch numbers were small enough to leave populations largely intact, but during the 20th Century a new breed of hunter joined the fray, some driven as much by a need for adventure as for financial gain. With improved equipment and experience, they exploited the shark on an industrial scale that drastically reduced numbers, leading to localised near-extinction in some areas. From the 1970's onward a new generation took to the seas, this time with

conservation in mind to identify where the shark might still be found in the waters around the British Isles, employing new technologies to solve long-standing mysteries about the behaviour of this elusive creature. Using the best of both old and new research techniques, the case was built to justify the species becoming one of the most protected sharks in the oceans. Today, the Basking Shark is a much-loved cornerstone of our natural heritage. There are positive signs that the population has stabilised and may even be slowly recovering from the damage of the past, proving that timely conservation measures can be effective. Join us on a journey amidst wild seas, places, people and conservation history in the battle to protect this iconic creature – a true sea monster's tale.

*Grafters* Jul 07 2020 Updated with new photographs. Colin Blaney's "Grafters", originally published in 2004, was a ground-breaking exposé of the links between criminal gangs and football hooliganism. In the intervening period the book and the phrase have become part of the lexicon, defining a generation of professional thieves who used the cover of their fellow football fans to earn a fortune. Eight years on author Colin Blaney returns with an updated version of his criminal memoirs and recounts his experiences as a personality in the murky media world that accompanies public relations -- principally his shady dealings with tabloid journalists, TV producers and researchers. In Colin's words he was thrown in at the deep end to "Swim with the sharks". It's all a far cry from Colin's adolescence in the council flats of North Manchester. As a child he burgled warehouses and factories. As a youth he joined the bootboys of Manchester United's Red Army, rampaging across the country. As an adult he learned to dip with the Scouse pickpocket gangs, sell dope to Rastas in the Moss Side shebeens and sneak-thieve from shop tills with his mad Collyhurst crew. But Continental Europe offered the greatest lure. The gang moved to Amsterdam which became their HQ for the next twenty years. They stole Rolex watches in Switzerland, peddled Ecstasy in Spain, kited credit cards in Belgium, flogged bootleg tee-shirts in France and snatched designer clothes in Holland. Blaney and his Wide Awake Firm served time in half the jails in Europe and then went back for more. They were on a riotous, non stop roller-coaster ride -- until they finally hit the buffers.

Boy racers speed down the back lanes; couples haunt the midnight woods; young skins huddle in the cold once The Peacock has closed its doors. Here the young live hard and wear the scars. It matters whose sister you were seen with. If you are in the wrong place at the wrong time, it matters a very great deal. Colin Barrett's debut does not take us to Glanbeigh alone; there are other towns, and older characters. But each story is defined by a youth lived in

*Gentleman and Player* Mar 03 2020 Colin Cowdrey is remembered for the elegance of his strokeplay; but there was more to this complex man than a classical cover drive. Successes were numerous: 114 Test matches, 22 Test hundreds, 100 first-class centuries, countless famous victories and unforgettable innings. There was controversy and disappointment too, chief among them being repeated snubs for the England captaincy and the D'Oliveira Affair. Cowdrey was involved in three of England's most memorable Tests: Lord's in 1963 against the West Indies, batting at 11 with his arm in plaster, two balls left and all four results possible; Trinidad in 1968 in which England secured a famous victory against the West Indies; and The Oval in 1968 when England gained an improbable final-over win against Australia. In later life, he shone as an administrative leader - as president of Kent and of the MCC, and as chairman of the ICC - and was made a Lord. Sir Garry Sobers spoke for many when he said at his memorial service, "Colin Cowdrey was a great man."

Union Jul 27 2019 A Christian Science Monitor best book of 2020 "Relentlessly accessible. . . This is that rare history that tells what influential thinkers failed to think, what famous writers left unwritten." --Jill Leovy, *The American Scholar* By

the bestselling author of *American Nations*, the story of how the myth of U.S. national unity was created and fought over in the nineteenth century--a myth that continues to affect us today. *Union* tells the story of the struggle to create a national myth for the United States, one that could hold its rival regional cultures together and forge an American nationhood. On one hand, a small group of individuals--historians, political leaders, and novelists--fashioned and promoted the idea of America as a nation that had a God-given mission to lead humanity toward freedom, equality, and self-government. But this emerging narrative was swiftly contested by another set of intellectuals and firebrands who argued that the United States was instead the homeland of the allegedly superior "Anglo-Saxon" race, upon whom divine and Darwinian favor shined. Colin Woodard tells the story of the genesis and epic confrontations between these visions of our nation's path and purpose through the lives of the key figures who created them, a cast of characters whose personal quirks and virtues, gifts and demons shaped the destiny of millions.

Goldgief Apr 03 2020 I should have just kept my head down. Colin thought to himself as one of the men grabbed him from behind...and another grabbed his cane. "I'm going to enjoy this!" the man called just before Colin felt an inner strength and remembrance of Liam's self-defense training. "No...you're not." Colin promised before he kicked the man....where it hurts. The other loosened his grip...and regretted it when Colin head butted him. "How did you...?" one of the boys asked in confusion as Colin began untying the boys...and restraining the kidnappers with the restraints they had used on the boys. "My dad taught me." Colin explained just as he heard a limo stop at the curb. "Sires! Are you alright?" a man asked. "...Sires?" Colin asked in confusion. "Yes." the other boy stated. "Allow us to introduce ourselves...I am Prince Joshua...and this is my older brother, Dwight." "I...I'm just going to..." "Oh, no you don't." one of the men from the limo...clearly a bodyguard...said as he grabbed Colin's arm. "You aren't going anywhere until we figure out how to repay you." Dwight insisted. "B-but my dad needs my input on my sixteenth birthday celebration next week..." "That'll do. Look for your invitation to the palace in the mail." Prince Joshua stated...before they left in the limo. All Colin could think on his walk back home was...Me and my big mouth.

**Colin Thackery – My Story** Mar 27 2022 A tale of survival, love, hardship, family, heartbreak and triumph. This is the incredible story of 89-year-old Chelsea Pensioner Sergeant Major Colin Thackery who, in 2019, made history by becoming the oldest person to win Britain's Got Talent. The show gave a glimpse into Colin's history, but the truth of his unique and eventful life is far more gripping and surprising than viewers could have imagined. Enthralling, poignant and inspiring, this book tells Colin's story, from being a child helping Air Raid Wardens during The Blitz, through fighting in the Korean War, touring the world with the army, becoming a widower after 66 years of marriage, life as a Chelsea

Pensioner and touching the nation's hearts with his show-winning singing in honour of his late wife, Joan. Ultimately, Colin's story is a tale of triumph: of resilience in the hardest of times; of hope in the face of despair; and of everlasting love.

*Homesickness* May 17 2021 From the prize-winning author of *YOUNG SKINS*, comes *HOMESICKNESS* - a quietly caustic, startlingly beautiful and wonderfully wry new short story collection. In these eight stories, Barrett takes us back to the barren backwaters of County Mayo, via Toronto, and illuminates the lives of outcasts, misfits and malcontents with an eye for the abrupt and absurd. A quiet night in the neighbourhood pub is shattered by the arrival of a sword wielding fugitive. A funeral party teeters on the edge of this world and the next, as ghosts won't simply lay in wake. A shooting sees an everyday call-out lead a policewoman to confront the banality of her own existence. A true follow-up to his electrifying debut collection, *HOMESICKNESS* marks Colin Barrett out as our most brilliantly original and captivating storyteller. Praise for *YOUNG SKINS* 'One of the best books of the past decade... The characters are edgy, often violent, locked into a world described in ways that are both harsh and tender' Colm Tóibín, *Washington Post* 'Language, structure, style - Colin Barrett has all the weapons at his disposal, and how, and he has an intuitive sense for what a short story is, and what it can do' Kevin Barry 'Colin Barrett is a young man in the town of the short story, but it's fair to say he has the run of the place' Jon McGregor 'Colin Barrett's sentences are lyrical and tough and smart... His stories are set in a familiar emotional landscape, but they give us endings that are new' Anne Enright
