Convergent Cognitive Information Technologies Jul 26 2022 This book constitutes the refereed proceedings of the Third International Conference on Convergent Cognitive Information Technologies, Convergent 2018, held in Moscow, Russia, in December 2018. The 26 revised full papers and 9 short papers were carefully reviewed and selected from 147 submissions. The papers of this volume are organized in topical sections on theoretical questions of computer science, computational mathematics, computer science and cognitive information technologies; cognitive information technologies in control systems; big data and applications; the Internet of Things (IoT): standards, communication and information technologies, network applications; smart cities: standards, cognitive-information technologies and their applications.- cognitive information technologies in the digital economics.- digital transformation of transport.

Trapped in 'Black Russia' Letters June-November 1915 Mar 10 2021 This book (hardcover) is part of the TREDITION CLASSICS. It contains classical literature works from over two thousand years. Most of these titles have been out of print and off the bookstore shelves for decades. The book series is intended to preserve the cultural legacy and to promote the timeless works of classical literature. Readers of a TREDITION CLASSICS book support the mission to save many of the amazing works of world literature from oblivion. With this series, tredition intends to make thousands of international literature classics available in printed format again - worldwide.

Thou Shalt Kill Jan 08 2021 Anna Geifman examines the explosion of terrorist activity that took place in the Russian empire from the years just prior to the turn of the century through 1917, a period when over 17,000 people were killed or wounded by revolutionary extremists. On the basis of new research, she argues that a multitude of assassination attempts, bombings, ideologically motivated robberies, and incidents of armed assault, kidnapping, extortion, and blackmail for party purposes played a primary role in the revolution of 1905 and early twentieth-century Russian political history in general.

Land Reform in Russia, 1906-1917 Aug 27 2022 Since the collapse of the USSR there has been a growing interest in the Stolypin Land Reform as a possible model for post-Communist agrarian development. Using recent theoretical and empirical advances in Anglo-American research, Dr Pallot examines how peasants throughout Russia received, interpreted, and acted upon the government's attempts to persuade them to quit the commune and set up independent farms. She shows how a majority of peasants failed to interpret the Reform in the way its authors had expected, with outcomes that varied both temporally and geographically. The result challenges existing texts which either concentrate on the policy side of the Reform or, if they engage with its results, use aggregated, official statistics which, this text argues, are unreliable indicators of the pre-revolutionary peasants reception of the Reform.

American Diplomats in Russia Dec 19 2021 A unique look at how the American diplomatic corps operated in Russia during this pivotal period in world history.

Pilferers or Paladins?Russia's Managers in Transition.Working Paper Number 17.November,1996 Feb 27 2020

Russia Under Soviet Role Mar 22 2022 The author of this book was in a position which allowed him to become thoroughly conversant with the working of the Government machinery in Russia, and in this volume, originally published in 1938, he presents the situation in Soviet Russia as it developed since the Revolution of 1917 and discusses the events which led up to it. Based mainly on information drawn from Soviet sources, which the author acknowledges may not be impartial, the author nevertheless maintains that a clear outline of the real situation may be inferred.

Modern Information Technology and IT Education Aug 15 2021 This book constitutes the refereed proceedings of the 13th International Conference on Modern Information Technology and IT Education, held in Moscow, Russia, in November-December 2018. The 30 full papers and 1 short papers were carefully reviewed and selected from 164 submissions. The papers are organized according to the following topics: IT-education: methodology, methodological support; e-learning and IT in education; educational resources and best practices of IT-education; research and development in the field of new IT and their applications; scientific software in education and science; school education in computer science and ICT; economic informatics.

Russians in China. Shanghai D-917 Police Applicants: 1930-1942 Feb 21 2022 The detailed biographies of Russian immigrants who served Russian Regiment, Shanghai Volunteer Corps, in 1930s-1940s. Includes police background investigation reports on applicants, and the alphabetical index in Russian language.

The New Russia Nov 25 2019 Provides full details of the many rapid changes in the Russian economy and the political system since the collapse of the Soviet Union. Covers the period up to 2000, offering a valuable guide to policies in the Putin era.

Russia and the Middle East Aug 23 2019 The end of the Soviet Union precipitated a reassessment of Russia's foreign policy in many parts of the world, particularly the Middle East. This text looks at how a once cherished commitment to ideological goals and superpower rivalry with the United States was replaced, after 1991, with a pragmatic foreign policy based on national interest, epitomized by the appointment of Yevgeni Primakov as foreign minister.

Russia Goes Dry Jan 28 2020 An interesting and informative look at the role of alcohol in Russian society and the Soviet leadership's attempt to stem alcohol abuse.

Optical Technologies for Communications Jul 22 2019 Proceedings of SPIE present the original research papers presented at SPIE conferences and other high-quality conferences in the broad-ranging fields of optics and photonics. These books provide prompt access to the latest innovations in research and technology in their respective fields. Proceedings of SPIE are among the most cited references in patent literature.

The Nuclear Challenge in Russia and the New States of Eurasia Nov 18 2021 From the John Holmes Library collection.

Power in modern Russia Jun 25 2022 The book explores the Russian leadership's strategic agenda and illuminates the range of problems it faces in implementing it. Given these difficulties and the Russian leadership's concerns about an unstable and increasingly competitive world, the Russian official and expert community often use the term 'mobilisation' to describe the measures that Moscow is increasingly resorting to in order to implement its agenda. The book explores what this means, and concludes that many of the terms used in the Western debate about Russia both misdiagnose the nature of the challenge and misrepresent the situation in Russia. At a time when many of the books about Russia are focused specifically on the war in Ukraine and the deterioration in relations between the Euro-Atlantic community and Russia, or are biographies of Vladimir Putin, it offers a new and unique lens through which to understand how Russia works and how Russian domestic and foreign politics are intimately linked.

Summary of World Broadcasts Sep 04 2020

Proceedings of the Brest-Litovsk Peace Conference Feb 09 2021 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Duellist Apr 11 2021 Ivan Sergeyevich Turgenev November 9 [O.S. October 28] 1818 - September 3, 1883) was a Russian novelist, short story writer, and playwright. His first major publication, a short story collection entitled *A Sportsman's Sketches* (1852), was a milestone of Russian Realism, and his novel *Fathers and Sons* (1862) is regarded as one of the major works of 19th-century fiction. Ivan Sergeyevich Turgenev was born into a family of Russian land-owners in Oryol, Russia, on November 9, 1818 (October 28 Old Style). His father, Sergei Nikolaevich Turgenev, a colonel in the Russian cavalry, was a chronic philanderer. Ivan's mother, Varvara Petrovna Lutovinova, was a wealthy heiress, who had an unhappy childhood and suffered in her marriage. Ivan's father died when Ivan was sixteen, leaving him and his brother Nicolas to be brought up by their abusive mother. Ivan's childhood was a lonely one, in constant fear of his mother who beat him often. After the standard schooling for a son of a gentleman, Turgenev studied for one year at the University of Moscow and then moved to the University of Saint Petersburg from 1834 to 1837, focusing on Classics, Russian literature, and philology. He then studied, from 1838 until 1841, at the University of Berlin to study philosophy, particularly Hegel, and history. He returned to Saint Petersburg to complete his master's examination. Turgenev was impressed with German society and returned home believing that Russia could best improve itself by incorporating ideas from the Age of Enlightenment. Like many of his educated contemporaries, he was particularly opposed to serfdom. In 1841, Turgenev started his career in Russian civil service and spent two years working for the Ministry of Interior (1843-1845). When Turgenev was a child, a family serf had read to him verses from the *Rossiad* of Mikhail Kheraskov, a celebrated poet of the 18th century. Turgenev's early attempts in literature, poems, and sketches gave indications of genius and were favorably spoken of by Vissarion Belinsky, then the leading Russian literary critic. During the latter part of his life, Turgenev did not reside much in Russia: he lived either at Baden-Baden or Paris, often in proximity to the family of the celebrated opera singer Pauline Viardot, with whom he had a lifelong affair.

Godfather of the Kremlin Jun 20 2019 Chronicles the life of the head of one of Moscow's gangster families, who financed the reelection of Boris Yeltsin and became one of his key advisors.

Giant Steps Jul 02 2020 In Punta Arenas, Chile, in November 1998, Karl Bushby set out on one of the most remarkable journeys of modern times. His plan is as simple as it is extraordinary: to walk up the Americas, across the Bering Strait, through Asia, Russia and Europe, back through the Channel Tunnel and returning to Britain in 2011. It is a journey of remarkable endurance -- 20 miles a day, 3,000 miles a year, 36,000 miles in total. By the time Karl returns, he will have crossed four continents, twenty-five countries, a frozen sea, six deserts and seven mountain ranges. But more than that, unlike other similar expeditions, Karl is attempting it single-handed: no huge support teams, no large sponsorship deals, this is the inspiring true story of a man facing remarkable odds -- and winning.

The Catastrophe May 24 2022 In this book written in exile, Aleksandr Fyodorovich Kerensky, recounts his fascinating eyewitness account of the Russian Revolution and the victory of the extreme Bolshevik faction in 1917. Aleksandr Fyodorovich Kerensky (4 May 1881 - 11 June 1970) was a Russian lawyer and politician who served as the Minister of Justice in the newly formed Russian Provisional Government, as Minister of War, and second Minister-Chairman of the between July and November 1917. A leader of the moderate-socialist Trudoviks faction of the Socialist Revolutionary Party, Kerensky was a key political figure in the Russian Revolution of 1917. On 7 November, his government was overthrown by the Vladimir Lenin-led Bolsheviks in the October Revolution.

Putin Nov 06 2020 The new edition of this extremely well-received political biography of Vladimir Putin builds on the strengths of the first edition to provide the most detailed and nuanced account of the man, his politics and his profound influence on Russian politics, foreign policy and society. New to this edition: analysis of Putin's second term as President more biographical information in the light of recent research detailed discussion of changes to the policy process and the élites around Putin developments in state-society relations including the conflicts with oligarchs such as Khodorkovsky review of changes affecting the party system and electoral legislation, including the development of federalism in Russia details on economic performance under Putin, including more discussion of the energy sector and pipeline politics Russia's relationship with NATO after the 'big bang' enlargement, EU-Russian relations after enlargement, and Russia's relations with other post-Soviet states the conclusion brings us up-to-date with debates over the question of democracy in Russia today and the nature of Putin's leadership and his place in the world. Putin is essential reading for all scholars and students of Russian politics.

The Foe Within Jul 14 2021 In the early morning of March 19, 1915, Lt. Colonel S. N. Miasoedov, a former gendarme officer on active duty with the Russian army in World War I, was hanged after a two-hour trial in Warsaw for treason. Although he was innocent of this charge, Miasoedov's hasty execution, set against the army's disastrous performance in the war against Germany, touched off a wave of spy mania that resulted in hundreds of arrests and eventually involved the highest reaches of the Russian Empire, including the minister of war, General V. A. Sukhomlinov, who was arrested for the same crime the following year. The trials of Miasoedov and Sukhomlinov and the purported revelations of elaborate networks of pro-German spies were for many Russians the principal explanation for the military catastrophes Russia had endured at Germany's hands since the beginning of World War I. This belief gradually took hold among the Russian public at large and politicians of all stripes. Today, the fact that both Miasoedov and Sukhomlinov were innocent of treason has been universally accepted, but the full story of the events leading up to their fallacious prosecutions has never before been completely revealed. As told here by William C. Fuller, Jr., it is an

astounding narrative full of vivid incident and populated by a cast of characters that includes the emperors of both Germany and Russia, Baltic noblemen, tsarist generals, courtesans, war profiteers, peasants, Jewish businessmen, tsarist ministers, German spymasters, and Rasputin. In the course of reconstructing the events he so deftly relates, Fuller explains how they crippled the Russian monarchy and paved the way for the February Revolution of 1917. The book also situates the cases against the backdrop of Russia's increasingly toxic political culture; bureaucratic politics; and popular attitudes in late imperial Russia toward capitalists, Jews, Germans, and women. The *Foe Within* is an unprecedented portrait of a regime so riddled with intrigue and corruption that its collapse in the face of mounting military and economic difficulty comes to seem all but inevitable.

The Sources of Russian Foreign Policy Assertiveness Jun 13 2021 Boroznas book skilfully applies the concept of strategic culture which is normally investigated in Western contexts to the case of Russia. It provides an innovative and insightful way of understanding the sources and pathways of the gradual development of Russian assertiveness in the world order following the end of the Cold War. In a very accessible style, among many things, the book presents a wealth of empirical observations into the complexity that underpins Russias foreign policy. Cristian Nitoiu, Lecturer in Diplomacy and International Governance, Loughborough University London, UK This book explores the sources of Russias foreign policy conduct since the end of the Cold War. It is aimed at those interested in Russian foreign policy, international security, and diplomacy. The book embraces an eclectic approach by applying insights from several strands of IR theory, exploring both international and domestic sources. The author argues that Russian foreign policy is influenced by the countrys strategic culture, which exhibits some persistent elements inherited from Russias imperial past and from Soviet times. The challenges to Russias security interests from Western policies led to an increase in Russian foreign policy assertiveness. As a result, Russia is becoming more committed to Eurasian integration and nurturing relations with China. This book further argues that Russias relations with the post-Soviet states have been and will remain a priority of its foreign relations and, therefore, Russia is likely to continue challenging any Western interference in these states. The author maintains that geoeconomics and the protection of overseas economic interests are becoming more prominent in Russias foreign policy calculus. The role of domestic factors in the countrys foreign policy, such as authoritarianism, regime vulnerability, and the role of political factions, is also examined. Angela Borozna holds a Ph.D. in political science from the Graduate Center, City University of New York, USA, and a Master's degree in finance from the George Washington University, USA. She previously worked for several finance companies in London, New York, and San Francisco.

Two Years of Foreign Policy Dec 07 2020

The Magic Mirror Jun 01 2020 Youngblood provides a cultural perspective of an era traditionally viewed through a revolutionary lens, exploring how films and the film industry illuminate and reflect the popular attitudes of a turbulent time.

Russian Entrepreneur Sep 28 2022 Not only did Sytin build Sytin and Co. into the largest publishing concern in Russia prior to the Revolution, he also transformed Russian Word from an obscure, conservative newspaper into Russia's leading daily, with a circulation of over one million copies in 1917. Ruud (history, U. of Western Ontario) brings Sytin to the forefront of the enterprising capitalists of his time, a group that significantly influenced the degree to which the modernization of methods and technology transformed Russia before the Revolution. Annotation copyrighted by Book News, Inc., Portland, OR

Contemporary Problems of Architecture and Construction Aug 03 2020 Contemporary Problems of Architecture and Construction 2020 includes contributions on various complex issues and aspects of engineering and construction of buildings and structures, protection, reconstruction and restoration of architecture, as well as intellectualization of energy and safety systems functioning urban development. The contributions were presented at the eponymous conference (ICCPAC 2020, St Petersburg, Russia, November 25-26, 2020), and cover a wide range of topics: Urban development: problems of urban construction and architecture Engineering, construction and operation of buildings and structures Implementation of building information modeling (BIM) and geo-information systems (GIS) technologies in the construction industry Energy efficiency of buildings and maintenance systems Engineering technologies of sustainable nature management and environmental protection Intellectualization and algorithmization of large cities road safety systems functioning Economics and management in construction and public utility services. Russia at War: From the Mongol Conquest to Afghanistan, Chechnya, and Beyond [2 volumes] Oct 05 2020 This easy-to-use reference explores the people and events that shaped Russian military history—and impacted Europe, Asia, and the world—over the past eight centuries. • Helps readers understand the sociopolitical history of Russia and how it continues to exert a major influence in international affairs • Showcases the complex role conflict has played in Russia throughout its history • Includes an introductory essay that discusses how warfare in Russia has progressed over the centuries • Offers entries on wars, battles, organizations, leaders, armies, weapons, and other aspects of war and military life • Provides a ready reference for readers with little or no prior knowledge of Russian history

Deciphered Telegrams Between Sir C[harles] Eliot and Foreign Office Re: Military Situation in Russia and Arrival of General [Milan] Stefanik, November 1918 Apr 30 2020

German Campaign in Russia: Planning and Operations (1940-1942) Sep 16 2021 The aim of this edition is to present in a comprehensive way the strategy and military operations of the German army in the attack on Russia in World War 2. The narrative starts with Hitler's initial plans for an invasion of Russia and ends at the time of Germany's maximum territorial gains during the battle for Stalingrad. Contents: Strategic Planning Operational Planning The Initial Operations (22 June-31 July 1941) Planning for Future Operations The Diversion and Reassembly The German Attack on Moscow The Russian Counteroffensive (December 1941-February 1942) Preliminary Planning for a German Offensive in the Caucasus, 1942 Preparations for the German Summer Offensive Initial Operations and New Plans (July 1942) The Period of Stagnation (August-October 1942) Critical Analysis of the German Summer Offensive in 1942 List of German Military Leaders (July 1940-November 1942) Chronology of the Events

The Formation of Political Parties and the First National Elections in Russia Jan 20 2022 This is the most comprehensive analysis of the first national elections in Russia ever written.

Modern Information Technology and IT Education Apr 23 2022 This book constitutes the refereed proceedings of the 12th International Conference on Modern Information Technology and IT Education, held in Moscow, Russia, in November 2017. The 30 papers presented were carefully reviewed and selected from 126 submissions. The papers are organized according to the following topics: IT-education: methodology, methodological support; e-learning and IT in education; educational resources and best practices of IT-education; research and development in the field of new IT and their applications; scientific software in education and science; school education in computer science and ICT; economic informatics.

The Russian Girl Mar 30 2020 "Sex, booze, and Russian intrigue . . . A cool cocktail mixed with parts of Updike and De Vries, with a peel of le Carré."—The New York Times Book Review Richard Vaisey is a respected scholar specializing in Russian studies when Anna Danilova arrives on campus. A visiting Russian poet with a mission more than literary, Anna challenges his integrity—and his marriage. Richard's beautiful but unspeakably monstrous wife, Cordelia, seeks revenge on her adulterous husband, determined to ruin him by canceling his credit cards and reporting his car as stolen to the police. But Richard must face even further humiliating consequences, for the seductive Anna is also an irremediably bad poet. The Russian Girl is vintage Kingsley Amis: entertaining, thought-provoking, and wittily wise. "A brilliant satire . . .

Kingsley Amis can skewer the modern world like no other writer.”—Los Angeles Times Book Review “Genuinely entertaining, and corrosively funny . . . Amis’s work is the result of beautifully organized and polished craftsmanship.”—The New York Review of Books

The Face of Russia Sep 23 2019 Explores Russia's art and culture in relation to the country's political processes
