*The Real Reasons Men Commit* Sep 01 2022 I need my space. We need to slow down. I'm just not ready to settle down yet. Single women have heard all these excuses and more from the men in their lives. And with a growing number of people choosing not to marry at all, women who do want to get married are increasingly frustrated by men who, in the end, refuse to make that commitment. In this book, women will learn: how men really view commitment; what factors influence their decision to commit; the difference between cold feet and an intractable single-forever stance; which men are most likely to go the distance; strategies to persuade commitment-phobic men to take the chance on love and marriage; and more. With this book, women looking for commitment from their men can push them off the fence - and into the wedding chapel. Or, if they're found wanting, simply cut them loose with that other famous line: Maybe we should see other people.

**Contesting Islam, Constructing Race and Sexuality** Jul 19 2021 The current political standoffs of the 'War on Terror' illustrate that the interaction within and between the so-called Western and Middle Eastern civilizations is constantly in flux. A recurring theme however is how Islam and Muslims signify the 'Enemy' in the Western socio-cultural imagination and have become the 'Other' against which the West identifies itself. In a unique and insightful

blend of critical race, feminist and post-colonial theory, Sunera Thobani examines how Islam is foundational to the formation of Western identity at critical points in its history, including the Crusades, the Reconquista and the colonial period. More specifically, she explores how masculinity and femininity are formed at such pivotal junctures and what role feminism has played in the wars against 'radical' Islam. Exposing these symbiotic relationships, Thobani explores how the return of 'religion' is reworking the racial, gender and sexual politics by which Western society defines itself, and more specifically, defines itself against Islam. Contesting Islam, Constructing Race and Sexuality unpacks conventional as well as unconventional orthodoxies to open up new spaces in how we think about sexual and racial identity in the West and the crucial role that Islam has had and continues to have in its development.

**The Real Cause of the Civil War** May 29 2022 The Civil War that so devastated the United States began a century and a half ago; even so, people continue to disagree on why the North and South went to war. By examining President Abraham Lincoln's speeches, along with those of other politicians during the time period, it is possible to identify historical misrepresentations and distortions that have made their way into textbooks. Author Jack Pennington, a historian and retired school teacher, seeks to answer three main questions: Were the lives of the blacks in the South better off following the war and Reconstruction? Are blacks still suffering from the remnants of Jim Crow laws? Would the natural time eradication of slavery, as predicted by Lincoln, Jefferson Davis, and other leading figures, have been more effective in bringing about equality and racial tolerance? Discover the true nature of Lincoln's actions and his primary motivations, and explore the politics and attitudes that led the North and South to split. Pennington seeks to explore the truth behind common misconceptions and illuminate The Real Cause of the Civil War.

**Heal Thyself : An Explanation of the Real Cause and Cure of Disease** Jan 25 2022 "Heal Thyself" is a fascinating vintage book on self healing by British doctor and homeopath Edward Bach. Within it, Bach endeavours to guide the reader to the 'real' causes and cures of disease, helping them understand how to seek within themselves

to determine the true origin of their illnesses and ailments. This volume will appeal to those with an interest in homeopathic medicine, and it would make for worthy addition to collections of allied literature. Edward Bach (1886 – 1936) was an English doctor, homeopath, bacteriologist, and writer. He is most famous for developing the Bach flower remedies, a type of alternative medicine influenced by classical homeopathic traditions. Bach also created seven bacterial nosodes commonly known as the seven Bach nosodes, which are mostly used by practitioners of British homeopathy. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.

*Real Reasons Rulers Resist Replacement* Nov 22 2021 This is the first of a two part series which outlines the real reasons rulers would not readily subscribe to giving up their positional power, authority and relevance. Only those who are honest and had occupied such positions would understand the plight of the acclaimed bad ruler whom citizens insist must quit. It is one of the most difficult things for the human nature to comprehend and agree to implement at his expense. All those clamouring for the replacement of the ruler know their heart-hidden reasons, above the tenable reasons they give and defend stoutly, for such insistence. Rather than rubbish them, rulers under pressure to quit or who have even quit should be pitied because they are living a nightmare every minute they spend outside the throne which they once enjoyed. Most times, ousted rulers feel better dead than alive to adjust to regular lifestyle in the same domain in which they once ruled and reigned. Enjoy a happy reading.

*I Know Why Mandingos Sing* Oct 29 2019 “I Know Why Mandingos Sing” is one of those books that you will NOT want to put down and is a treat for lovers of black history and black awareness. The book points out many things about the Mandinka (Mandingo) people, their psychological makeup and the North Atlantic Slave Trade that many blacks as well as whites are unaware of. “I know why Mandingos sing” represents years of research, study, gathering material, information and interviews by the author and is presented as a documented account of and comparison to the psyche of the West African and the African American Mandinka people. Provocative-historical account of the Mandinka secrets and attitudes that have kept them down since the 13th century. In search for the true meaning and an explanation behind the mentality of the West African mandinkan people, (what makes them do what they do) Don has probed and searched extensively, for an answer from the Rock of Gibraltar to North Africa to Europe and back to America. This book is not for everyone, there is a special audience that Don is trying to reach in his account. And this book is not about African Americans or Africans singing, it's about the un-justice that has been bestowed upon blacks in America by Jewish and White slave owners with their Mandinka helpers on their side, in their rampage to capture and destroy the African (American) Mandinka people. This book is also about the mental and physical attitudes that make African Americans venomous against each other, and an attempt to answer the question where the black-on-black crime come from and find out the real reason why blacks in America are so deadly to each other.

*Diabetes: The Real Cause and The Right Cure* Jun 29 2022 If you have Type 2 diabetes, this book is a life changer! Whether you were recently diagnosed or have had Type 2 diabetes for years, this book will open your eyes to new thinking about the real cause and an actual cure based on scientific thinking. If you think that diabetes is your destiny because it is in your family, this book will show you that this thinking is not true. The fact is, you can reverse high blood sugar and diabetes in as little as 8 weeks using the 8 steps in this book. “Health professionals are misleading patients about the true cause of diabetes,” says Dr. John Poothullil. “The problem has become so severe that diabetes is now a national and international epidemic.” Diabetes affects more than 23 million people in the US.

Most diabetics are treated with medications or insulin injections to “control” their diabetes, yet they still develop many complications from the condition. 1 in every 4 adults over age 65 has diabetes. Diabetes is considered to be the 3rd leading cause of death in the US. Based on more than 20 years of research into the scientific literature on diabetes, Dr. John proves that diabetes cannot be caused by insulin resistance as is commonly thought. Rather, it is caused by the constant consumption of grains – including wheat, barley, rice, oats, corn, and products made with the flour of these grains. When people excessively consume grains, it fills their fat cells and eventually forces a normal body metabolism to go haywire, leaving glucose in the bloodstream. This causes high blood sugar—and when it continues for a long period of time, it results in diabetes. Dr. John's explanation makes far more sense than insulin resistance. It explains why diabetes is spreading in nations as different as China, India, England, and the US -- because in all these countries grain is a major portion of the diet. It explains why younger and younger adults, even teenagers, are developing diabetes, given their diets of pizza, sandwiches, snack foods, cakes, muffins, doughnuts and so many products that contain grain flour. It also explains why some pregnant women get gestational diabetes and shed it within days after giving birth. Understanding Dr. John's explanation for the cause of diabetes opens the door to reversing it. The book provides an easy to implement 8 step program that will truly your lower blood sugar for good.

*The Real Reason Cannabis Has Not Been Rescheduled* Nov 03 2022 About 40 years ago, a great discovery in the lab revealed that substances found in marijuana could kill cancer cells, while leaving healthy cells alone. Now more than 100 lab, and animal, studies verify these first results, but the United States has yet to fund one human trial on this possible cancer cure. The regulations of current law have stood in the way of this valuable research. Learn how Richard Nixon, and the 91st Congress created a "Catch-22" or double-blind in U.S. drug law that makes rescheduling Cannabis almost impossible. This book contains over 100 preclinical studies that demonstrate the extreme possibility that a cure or treatment for cancer could exist in marijuana. Only our government remains uninterested.
